# TBarM Junior Academy

## PROGRAM

What makes TBarM's Junior Academy different? TBarM believes that tennis is a journey, and our goal is to grow and nurture our junior players throughout their journey.

We structured our Junior Academy to develop the skills and fundamentals of tennis for players of all ages and abilities. The 10 & Under program allows the player to progress from lower compression balls to heavier compression balls with the use of modified courts and smaller racquets.

TBarM's curriculum implements 5 principles of development: Character, Mental, Physical, Technical, and Tactical. We utilize games and drills to incorporate learning accurate technique, proper footwork, strong focus/concentration skills, and to encourage health/fitness on and off the court.

TBarM's Tennis Professionals include USTA Certified High Performance Coaches and USPTA Certified P-1 Tennis Professionals - who possess Junior, Collegiate, and/or Professional level coaching experience. Several of our coaches have also achieved world rankings on the ATP Men's Professional Tour. Our coaching staff continues to stay current with the newest teaching methods by attending USPTA/USPTR workshops. Coaches work together to provide our players with consistent instruction and constructive feedback to attain their goals.

## SCHEDULE

- |                             |                      |

2 Days		\$195		\$245
3 Days		\$230		\$285
Unlimited		\$295		\$380

### RED BALL

Red Ball is designed for young tennis enthusiasts to learn the fundamentals of the game in a dynamic setting. The program introduces proper tennis technique and incorporates interactive drills, games, and rallying opportunities. Red Ball is taught with a lower compression ball that allows the players to improve their movement and stroke accuracy.

### FUTURE STARS

Future Stars offers a fun environment with engaging activities that stimulate their introduction to tennis. Players will establish hand-eye coordination, reaction movements, and motor skills through our program. Player/Coach ratio remains small so that each player will receive special attention from our coaching staff.

### ORANGE BALL

At TBarM, we believe that Orange Ball is the most influential program for tennis players. Players will challenge their technique through the introduction of rallying skills, point play strategy and match play tactics. The critical skills reinforced during live ball play will create a strong foundation that enhances a player's competitive nature. Our program encourages competition amongst players with an emphasis on good sportsmanship.

### LAUNCH TENNIS PROGRAM

The Launch Tennis Program is a combination of Green Dot and Yellow Ball, which utilizes two coaches to accommodate entry level teenagers and Pre-Academy level players as well as Orange Ball graduates; designed for players ages 10 - 15 years old. Launch Tennis includes competitive match play and live ball play as well as keeping a focus on fun and fitness. Taking these players to their next level of the game is the goal.
